Mission

The Trenton Municipal Alliance Committee for Substance Abuse Prevention Education (TMAC) is a volunteer committee of citizens who are committed to addressing and preventing substance abuse and promoting a healthy community in Trenton.

What We Do

When it comes to substance abuse and healthy community, TMAC works to address the needs of all citizens of Trenton. TMAC does this through awareness, prevention education, alternative activities, advocacy, environmental changes and policy changes.

TMAC also supports and helps fund activities and programs in Trenton geared towards keeping our citizens, especially our youth,

healthy, safe, and drug free.

About TMAC

TMAC is a volunteer municipal committee.

**WE ARE A
COMMUNITY**

In 1991, the Governor's Council on Alcoholism and Drug Addiction ruled that each municipality should organize Municipal Alliances throughout New Jersey to provide substance abuse education and prevention programs. Funding for TMAC is made possible through a grant from the Governor's Council on Alcoholism and Drug Abuse and awarded by the Mercer County Department of Human Services.

Membership

TMAC is a partnership of municipal staff, community organizations, clergy, counselors, nurses, school administrators, teachers, parents, senior citizens, and students who are working to reduce substance abuse and to make Trenton healthier and safer for its citizens.

TMAC currently meets on the 3rd Fridays of each month at 3PM in City Hall, 2nd floor in the Mayor's conference room.

We welcome and encourage your participation and involvement!
