Summary

Bullying is a harsh word. It immediately brings to mind behaviors that, unfortunately are of increasing concern to our schools and society as a whole. Studies funded through the US Department of Education indicate that if addressed early on in schools and at home, these unacceptable behaviors can be abated, even replaced by cooperation and concern. Bully Busters is a six lesson curriculum designed to be effectively utilized at the early grade levels, to call to children's attention the value of developing behaviors that support healthy growth.

Learning Objectives

1. Analyze reasons why children bully.
2. Identify different types of bullying behaviors.
3. Learn new skills to deal with bullying and prevent bullying behaviors.
